American Red Cross Parent and Child Aquatics introduces you and your child to basic swimming skills. As parents, you learn how to safely work with your child in the water and how to prepare and encourage your child to participate fully and try the skills offered. In addition, everyone is introduced to water safety topics along with songs, games and lots of fun. Each child must be accompanied in to the water by a parent or adult. Swim diaper or tight fitting plas-tic pants are required.

**Three-Year-Olds**  
*Start your child learning basic swimming skills and water safety in a small group with other 3 year olds.*  
We introduce children to basic water adjustment skills, bubbles, breath-holding, front and back floats, kicking, arm pulls and water safety skills. Children must have initial water comfort and be able to work in the water with an instructor. To ensure safety and quali-ty, we strive for a 3:1 student to instructor ratio.

**Kinder Lessons Ages 4 & 5**  
*Children start with basic water adjustment, safety and swimming skills in a group with other 4 & 5 year olds.*  
Children will begin with basic water adjustment and eventually learn these skills: front and back floats, flutter kick, rolling from front to back, side breathing, Crawlstroke with bilateral breathing, backstroke, whip kick, treading water and water safety skills. We group children by ability levels on the first day of class. To ensure safety and quality, we strive for a 6:1 student to instructor ratio.

**Beginning Swimmer Ages 6 – 16**  
*Our specially designed **Seattle Swims** Lesson Program puts the emphasis on safety, fitness and fun! Our teaching techniques utilize*

**Note:** If you are unsure of your child’s ability, please have him or her pre-tested to ensure correct placement. If your child does not meet the age requirements or skill prerequisites, we will try to transfer him or her to the appropriate level if there is space availa-ble. A minimum of four students is required for all classes. We may combine or cancel programs if not enough students sign up.

*well organized progressions for learning, plenty of practice and instructor feedback.*  
We will group children by ability on the first day of class to provide the best opportunity for your child’s success.  
**Floating, Gliding and Kicking:** Children get comfortable putting their face in the water and practice front, side and back floating, gliding and kicking. These skills provide the foundation for all oth-er swimming strokes  
**Arm Strokes:** Mastering the Crawl Stroke requires learning to roll from front to back while performing arm strokes. Once mastered we begin teaching side breathing. Students also work on strengthening kicking, proper body alignment, tread-ing water and deep water swimming.  
**Side Breathing and Whip Kick:** Front Crawl Stroke with bilateral breathing and an introduction to whip kick are skills taught in this level.  
To ensure safety and quality we strive for an 8:1 student/teacher ratio.

**Advanced Swimmer Ages 6 – 16**  
*Swimmers who have received a card indicating they have mastered “Beginning Swimmer” may sign up for “Advanced Swimmer” clas-ses. Instructors will introduce and guide swimmers through other strokes while continuing to teach safety, fitness, and skill proficien-cy.*  
**Prerequisite:** Students must pass Beginning Swimmer, feel com-fortable in deep water and able to swim at least 15 yards without stopping while demonstrating Front Crawl Stroke with bilateral breathing, and proper whip kick on their back.
